

David A. Hammarberg, CPA, CFE, CISSP, GSEC, MCSE, CISA Principal of Forensic Accounting Services

David Hammarberg is Principal of Forensic Accounting Services at the firm. As a Principal, he serves our clients in a variety of accounting and forensic services capacities. David's primary duties include forensic accounting, internal controls, security testing, accounting system integration, data extraction, and improved efficiency through the application of technology.

As a Certified Fraud Examiner, David has helped numerous clients prevent, detect, and examine fraud schemes. His unique background in information technology and forensic accounting allows him to be effective on fraud risk assessments, preventative training, and fraud examinations. David has also worked with law enforcement and insurance companies on behalf of clients.
